The international trade event for  
flood control, prevention, drainage  
and water level management

**FLOODEX**  
**EUROPE**

### THE MOST IMPACTFUL INTERNATIONAL PLATFORM FOR FLOOD CONTROL

In November flood control and defense experts from all over the world gather at the inaugural edition of Floodex Europe. The international industry presents products and solutions on prevention, protection, risk reduction and disaster management on water. Explore the latest trends and learn about topics such as climate change and sustainable resilience in cities, utilities and industries as it relates to water management. Floodex Europe aims to connect international solutions to local problems.

### FREE ACCESS TO CO-LOCATED AQUATECH AMSTERDAM 2017

Visitors of Floodex Europe get free access to the co-located water industry platform Aquatech Amsterdam, the world's leading trade exhibition for process, drinking and waste water. Both events are part of the Amsterdam International Water Week 2017, where this year's focus is on circular economy and resilience in cities, utilities and industries.
